INDEPENDENT AUDITOR'S REVIEW REPORT ON INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION TO THE BOARD OF DIRECTORS OF KUWAIT INVESTMENT COMPANY K.S.C.P.

Report on the Interim Condensed Consolidated Financial Information

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Kuwait Investment Company K.S.C.P. ("the Parent Company") and its subsidiaries (together referred to as "the Group") as at 31 March 2018, and the related interim condensed consolidated statement of profit or loss, interim condensed consolidated statement of comprehensive income, interim condensed consolidated statement of changes in equity and interim condensed consolidated statement of cash flows for the three-month period then ended. The Parent Company's management is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with the basis of preparation set out in Note 2. Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently, it does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with the basis of preparation set out in Note 2.

Other Matter

The consolidated financial statements of the Group for the year ended 31 December 2017 and the interim condensed consolidated financial information for the three-month period ended 31 March 2017, were audited and reviewed, respectively, by another auditors who expressed an unmodified opinion and conclusion on those statements on 8 February 2018 and 10 May 2017, respectively.

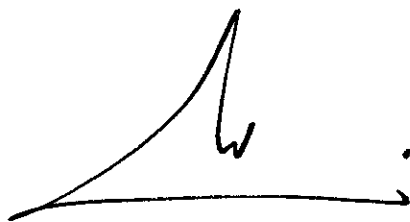

Report on Other Legal and Regulatory Requirements

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of account of the Parent Company. We further report that, to the best of our knowledge and belief, we have not become aware of any violations of the Companies Law No. 1 of 2016, as amended, and its executive regulations, as amended, or of the Parent Company's Memorandum of Incorporation and Articles of Association, as amended, during the three-month period ended 31 March 2018 that might have had a material effect on the business of the Parent Company or on its financial position.

**INDEPENDENT AUDITOR'S REVIEW REPORT ON INTERIM CONDENSED
CONSOLIDATED FINANCIAL INFORMATION TO THE BOARD OF DIRECTORS OF
KUWAIT INVESTMENT COMPANY K..S.C.P. (continued)**

Report on Other Legal and Regulatory Requirements (continued)

We further report that, during the course of our review, to the best of our knowledge and belief, we have not become aware of any violations of the provisions of Law No. 32 of 1968, as amended, concerning currency, the Central Bank of Kuwait and the organisation of banking business, and its related regulations, or of the provisions of Law No. 7 of 2010 concerning the Capital Markets Authority and its related regulations during the three-month period ended 31 March 2018 that might have had material effect on the business of the Parent Company or on its financial position.

Kuwait Investment Company K.S.C.P and its Subsidiaries

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION As at and for the period ended 31 March 2018

1. CORPORATE INFORMATION

The interim condensed consolidated financial information of Kuwait Investment Company K.S.C.P. (the "Parent Company") and its subsidiaries (collectively, the "Group") for the three months ended 31 March 2018 were authorised for issue in accordance with a resolution of the Board of Directors on 6 May 2018.

The Parent Company is a public shareholding company, incorporated and domiciled in the State of Kuwait, and whose shares are publicly traded in Boursa Kuwait. The Parent Company is regulated by the Central Bank of Kuwait (CBK) and Capital Markets Authority ("CMA") as an investment and finance company.

The registered office of the Parent Company is located at Souk Al Manakh Building, 5th Floor, Mubarak Al Kabeer Street, Sharq, Kuwait.

Kuwait Investment Authority ("KIA") is the ultimate parent of the Group. The Parent Company is principally engaged in investment and financial services. The principal activities of the Group are described in Note 14.

2. BASIS OF PREPARATION AND AND CHANGES TO THE GROUP'S ACCOUNTING POLICIES (continued)

2.1 Basis of preparation

The interim condensed consolidated financial information for the three months ended 31 March 2018 have been prepared in accordance with IAS 34 *Interim Financial Reporting*.

The interim condensed consolidated financial information for the three months ended 31 March 2018 are prepared in accordance with the regulations of the State of Kuwait for financial services institutions regulated by the CBK. These regulations require adoption of all International Financial Reporting Standards ("IFRSs") except for International Financial Reporting Standards 9 ("IFRS 9"): Financial Instruments requirement for the expected credit losses on credit facilities, which have been replaced by CBK's regulations.

The interim condensed consolidated financial information does not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group's annual consolidated financial statements as at 31 December 2017.

2.2. New standards, interpretations and amendments adopted by the Group

The accounting policies adopted in the preparation of the interim condensed consolidated financial information are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2017, except for the adoption of new standards effective as of 1 January 2018. The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

The Group applies, for the first time, IFRS 15 *Revenue from Contracts with Customers* and IFRS 9 *Financial Instruments*. The nature and effect of these changes are disclosed below.

Several other amendments and interpretations apply for the first time in 2018, but do not have an impact on the interim condensed consolidated financial information of the Group.

Kuwait Investment Company K.S.C.P and its Subsidiaries

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION As at and for the period ended 31 March 2018

2. BASIS OF PREPARATION AND AND CHANGES TO THE GROUP'S ACCOUNTING POLICIES (continued)

IFRS 15 – Revenue from Contracts with Customers

The Group has adopted IFRS 15: *Revenue from Contracts with Customers* ("IFRS 15"). IFRS 15 was issued in May 2014 and is effective for annual periods commencing on or after 1 January 2018. IFRS 15 supersedes IAS 11 *Construction Contracts*, IAS 18 *Revenue* and related Interpretations and it applies to all revenue arising from contracts with customers, unless those contracts are in the scope of other standards. The new standard establishes a five-step model to account for revenue arising from contracts with customers. Under IFRS 15, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The standard requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers. The standard also specifies the accounting for the incremental costs of obtaining a contract and the costs directly related to fulfilling a contract.

The Group's adoption of IFRS 15 did not result in a change in the revenue recognition policy of the Group in relation to its contracts with customers. Further, the adoption of IFRS 15 had no impact on this interim condensed consolidated financial information of the Group.

IFRS 9 - Financial Instruments

IFRS 9 *Financial Instruments* replaces IAS 39 *Financial Instruments: Recognition and Measurement* for annual periods beginning on or after 1 January 2018, bringing together all three aspects of the accounting for financial instruments: classification and measurement; impairment; and hedge accounting.

The adoption of IFRS 9 from 1 January 2018 resulted in changes in accounting policies and adjustments to amounts recognised in the financial statements. In accordance with the transitional provisions in IFRS 9, comparative figures have not been restated.

The key changes to the Group's accounting policies resulting from the adoption of IFRS 9 are summarised below:

a) Classification and measurement

Under IFRS 9, financial assets are measured at fair value through profit or loss (FVPL), amortised cost, or fair value through other comprehensive income (FVOCI). The classification is based on two criteria: the Group's business model for managing the assets; and whether the instruments' contractual cash flows represent 'solely payments of principal and interest' on the principal amount outstanding (the 'SPPI criterion').

The new classification and measurement of the Group's debt financial assets are, as follows:

▶	<i>Debt instruments at amortised cost</i> for financial assets that are held within a business model with the objective to hold the financial assets in order to collect contractual cash flows that meet the SPPI criterion. This category includes the Group's cash and cash equivalents, term deposits, wakala receivables, loans and advances to customers, and accounts receivables and other assets that are classified as debt instruments at amortised cost.
▶	<i>Debt instruments at FVPL</i> , with gains or losses recycled to profit or loss on derecognition. Financial assets in this category are the Group's quoted and unquoted debt instruments that does not meet the SPPI criterion. Under IAS 39, the Group's quoted and unquoted debt instruments were classified as available-for-sale (AFS) financial assets.

Kuwait Investment Company K.S.C.P and its Subsidiaries

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION As at and for the period ended 31 March 2018

2. BASIS OF PREPARATION AND AND CHANGES TO THE GROUP'S ACCOUNTING POLICIES (continued)

IFRS 9 - Financial Instruments (continued)

Classification and measurement (continued)

Other financial assets are classified and subsequently measured, as follows:

▶	<i>Equity instruments at FVOCI</i> , with no recycling of gains or losses to profit or loss on derecognition. This category only includes equity instruments, which the Group intends to hold for the foreseeable future and which the Group has irrevocably elected to so classify upon initial recognition or transition. The Group classified its unquoted equity instruments as equity instruments at FVOCI. Equity instruments at FVOCI are not subject to an impairment assessment under IFRS 9. Under IAS 39, the Group's unquoted equity instruments were classified as AFS financial assets.
▶	<i>Financial assets at FVPL</i> comprise derivative instruments, unquoted funds and quoted equity instruments which the Group had not irrevocably elected, at initial recognition or transition, to classify at FVOCI. This category would also include debt instruments whose cash flow characteristics fail the SPPI criterion or are not held within a business model whose objective is either to collect contractual cash flows, or to both collect contractual cash flows and sell. Under IAS 39, the Group's unquoted funds and quoted equity securities were classified as AFS financial assets. Upon transition, the AFS reserve relating to quoted equity securities, which had been previously recognised under fair value reserve, was reclassified to retained earnings.

The assessment of the Group's business models was made as of the date of initial application, 1 January 2018.

The assessment of whether contractual cash flows on debt instruments are solely comprised of principal and interest was made based on the facts and circumstances as at the initial recognition of the assets.

Adoption of IFRS 9 did not result in any change in classification or measurement of financial liabilities.

b) Impairment

IFRS 9 replaces the 'incurred loss' model in IAS 39 with an 'expected credit loss' model. The management has applied the new impairment model only to debt instruments at amortised cost and FVOCI excluding loans and advances to customers and financial institutions for which the Group continues to apply impairment requirements under CBK regulations.

Under IFRS 9, credit losses are recognised earlier than under IAS 39. Key changes in the Group's accounting policy for impairment of financial assets are listed below:

The Group applies three-stage approach to measuring expected credit losses (ECL). Assets migrate through the following three stages based on the change in credit quality since initial recognition.

Stage 1: 12 months ECL

For exposures where there has not been a significant increase in credit risk since initial recognition, the portion of the lifetime ECL associated with the probability of default events occurring within next 12 months is recognised.

Stage 2: Lifetime ECL – not credit impaired

For credit exposures where there has been a significant increase in credit risk since initial recognition but that are not credit impaired, a lifetime ECL is recognised.

2. BASIS OF PREPARATION AND AND CHANGES TO THE GROUP'S ACCOUNTING POLICIES (continued)

IFRS 9 - *Financial Instruments* (continued)

Impairment (continued)

Stage 3: Lifetime ECL – credit impaired

Financial assets are assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred. As this uses the same criteria as under IAS 39, the Groups methodology for specific provisions remains largely unchanged.

ECL are the discounted product of the Probability of Default (PD), Exposure at Default (EAD), and Loss Given Default (LGD). The PD represents the likelihood of a borrower defaulting on its financial obligation, either over the next 12 months (12M PD), or over the remaining lifetime (Lifetime PD) of the obligation. EAD represents the expected exposure in the event of a default. The Group derives the EAD from the current exposure to the financial instruments and potential changes to the current amounts allowed under the contract including amortisation. The EAD of a financial asset is its gross carrying amount. The LGD represents expected loss conditional on default, its expected value when realised and the time value of money.

c) *Hedge accounting*

The Group applied hedge accounting prospectively. At the date of the initial application, the Group's has no existing hedging relationships.

Transitional provisions

Changes in accounting policies resulting from the adoption of IFRS 9 have been applied retrospectively, except as described below:

- Comparative periods have not been restated. Differences in the carrying amounts of financial assets resulting from the adoption of IFRS 9 are recognised in retained earnings and reserves as at 1 January 2018. Accordingly, the information presented for 2017 does not reflect the requirements of IFRS 9 and therefore is not comparable to the information presented for 2017 under IFRS 9.
- The following assessments have been made on the basis of the facts and circumstances that existed at the date of initial application:
 - The determination of the business model within which a financial asset is held.
 - The designation and revocation of previous designations of certain financial assets and financial liabilities as measured at FVTPL.
 - The designation of certain investments in equity instruments not held for trading as at FVOCI.

If a debt security had low credit risk at the date of initial application of IFRS 9, then the Group has assumed that credit risk on the asset had not increased significantly since its initial recognition.

3. IFRS 9 – IMPACT OF ADOPTION (continued)

a) *Reclassification from available-for-sale to FVPL*

Certain investments in funds and debt securities were reclassified from available-for-sale to financial assets at FVPL (KD 28,425,279 as at 1 January 2018). They do not meet the IFRS 9 criteria for classification at amortised, because their cash flows do not represent solely payments of principal and interest. Related fair value gains of KD 1,763,954 were transferred from the fair value reserve to retained earnings on 1 January 2018.

b) *Reclassification from available-for-sale to amortised cost*

Certain investments in debt securities (i.e. bonds) were reclassified from available-for-sale to amortised cost (KD 351,886 as at 1 January 2018). At the date of initial application the Group's business model is hold these investments for collection of contractual cash flows, and the cash flows represent solely payments of principal and interest on the principal amount. The fair value of KD 351,886 as at 1 January 2018 was equivalent to the amortised cost for these assets. There was impact of KD 763 on retained earnings at 1 January 2018.

c) *Reclassification from available-for-sale to FVOCI*

The Group elected to present OCI changes in the fair value of certain equity investments previously classified as available-for-sale, because these investments are held as long-term strategic investments that are not expected to be sold in the short medium term. As a result, assets with a fair value of KD 29,370,777 were reclassified from available-for-sale financial assets to financial assets at FVOCI. There was no impact on the amounts recognised in relation to these assets from the adoption of IFRS 9.

d) *Reclassification from held to maturity to amortised cost*

Bonds that would have previously been classified as held-to-maturity are now classified at amortised cost. The Group intends to hold the assets to maturity to collect contractual cash flows and these cash flows consist solely of payments of principal and interest on the principal amount outstanding. There was no difference between the previous carrying amount and the revised carrying amount of the the other financial assets at 1 January 2018 to be recognised in opening retained earnings. No provision was recorded for impairment of these assets was recognised in opening retained earnings for the period.

e) *Reclassify debt securities from AFS to FVPL*

Certain investments in debt securities were reclassified from available-for-sale to financial assets at FVPL (KD 2,004,965 as at 1 January 2018). They do not meet the IFRS 9 criteria for classification at amortised, because their cash flows do not represent solely payments of principal and interest. Related fair value gains of KD 1,153,998 were transferred from the fair value reserve to retained earnings on 1 January 2018.

f) *Impairment of financial assets at amortised cost*

The Group's debt securities at amortised cost include bonds and wakala receivables. Applying the expected credit risk model resulted in the recognition of a release of allowance of KD 165,017 on 1 January 2018 and a further release in allowance by KD 20,718 during the three months ended 31 March 2018.

For trade and other receivables, the Group applies the simplified approach permitted by IFRS 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables. The loss allowance on trade and other receivables on transition to IFRS 9 as a result of applying the expected credit loss model was immaterial.

There were no transfers between Level 1 and Level 2 fair value measurements during the period/ year, and no transfers into or out of Level 3 fair value measurements during the period/ year.

The management assessed that the fair values of cash and cash equivalents, term deposits, accounts receivable and other assets, wakala receivables, loans and advances, deposits from banks and customers, Islamic finance payables, trade payables and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

Fair value hierarchy

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, based on the lowest level input that is significant to the fair value measurement as a whole, as follows:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

14. SEGMENT INFORMATION

For management purposes, the Group is organised into business units based on its products and services and has four reportable segments, as follows:

- ▶ **Asset Management:** Consists of quoted securities trading and management of funds and portfolios
- ▶ **Direct Investments and Corporate Finance (DICF):** Consists of managing subsidiaries, associates, long term strategic investments , lending , real estate and rental activities
- ▶ **Treasury:** Consists of foreign exchange contracts and money market activities
- ▶ **Other operations:** Management and support activities

The Executive Management Committee is the Chief Operating Decision Maker (CODM) and monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the consolidated financial statements.
