We, at Kuwait Investment Company, believe in the importance of social participation. Based on our effective role in the society, the company adheres to attend and participates at many different events.
Introduction

Kuwait Investment Company has always sought to participate with the Kuwaiti society where it operates, and for whom it aims to achieve economic and financial prosperity, at all events and activities; and to support all classes of society for its ultimate belief in corporate social responsibility, particularly the one related to major companies. In 2013, therefore, Kuwait Investment Company sponsored, supported and initiated to organize several varied and widespread activities covering all social and religious events all over the year. Its events have embraced all classes of the society, from kindergarten students to university students; from youth to patients, elderly and those with special needs, without neglecting sports activities and athletes.
